This fully-embroidered special Philmont 2018 CSP features the U.S. Coast & Geodetic Survey Reference Benchmark at the summit of the Tooth of Time, Philmont's most famous landmark. It includes Philmont's trademark bull, with the cattle brand ghosted on its hindquarter, and an outline of the Philmont Arrowhead, using platinum colored metallic thread, that recognizes the 80th anniversary of the Ranch. This CSP starts a Mecklenburg County Council PSR Benchmark Series® that will feature other important Survey Benchmarks of special significance at Philmont.
